Lender

UNITED BANK OF UNION
15 EAST MAIN
P.O. BOX 500
UNION, MO 63084

Date: January 1, 2019

Loan Number: 2019-7YR-60-HQM

This disclosure describes the features of the Adjustable Rate Mortgage (“ARM”) program you are considering. Information on other ARM programs is available upon request.

- This loan program has an adjustable rate feature. This means that your interest rate and payment amount can change.

How Your Interest Rate and Payment Are Determined

- Your interest rate will be based on an index plus a margin, rounded to the nearest .125 percent.
- Your monthly payment will be based on the interest rate, loan balance, and remaining loan term.
- Your payment will be rounded to the nearest \$0.01.
- Your interest rate will be based on the weekly average yield on United States Treasury securities adjusted to a constant maturity of seven years (7 Year Treasury Index) plus our margin, rounded to the nearest .125 percent. Ask us for our current interest rate and margin.
- Information about the index is published weekly in the Wall Street Journal.
- The initial interest rate is not based on the index used to make later adjustments. Ask us for the amount of the current interest rate discount.
- Your interest rate will be based on an index plus a margin, rounded to the nearest .125 percent, unless your interest rate "caps" limit the amount of change in the interest rate.

Note: If the index for your adjustable rate mortgage is no longer available, the Lender will choose a new index which is based on comparable information.

How Your Interest Rate Can Change

- Your interest rate can change every 84 months.
- Your interest rate cannot increase or decrease more than 2 percentage point(s) at each adjustment.
- Your interest rate will never be greater than 5.250 percent.
- Your interest rate will never be less than 3.751 percent.

How Your Payment Can Change

- Your payment can change every 84 payment(s) based on changes in the interest rate.
- Your monthly payment may increase or decrease substantially based on changes in the interest rate.
- You will be notified in writing at least 210 days, but no more than 240 days, before the first payment at the adjusted level is due after the initial interest rate adjustment of the loan. This notice will contain information about your interest rate, payment amount, and loan balance.
- You will be notified in writing at least 60 days but no more than 120 days before the due date of a payment at a new level resulting from a change in the interest rate. This notice will contain information about your interest rates, payment amount, and loan balance.
- For example, on a \$10,000 84-month loan with an initial interest rate of 5.25% in effect January, 2019, the maximum amount that the interest rate can attain under this program is 5.25%, and the monthly payment can rise from an initial payment of \$142.52 to a maximum of \$142.52 in month 61 (5 year(s), 1 month(s)). This example is based on a

periodic cap of 2 percentage point(s) and a lifetime cap of 5.250 percent. To see what your payments would be, divide your mortgage amount by \$10,000; then multiply the monthly payment by that amount (for example, the monthly payment for a mortgage amount of \$60,000 would be: $\$60,000 / \$10,000 = 6$; $6 \times \$142.52 = \855.12 per month).

Additional Terms

Your interest rate cannot increase more than 6 percentage points above and below the initial interest rate over the term of the loan.

Signatures

This is not a commitment to make a loan.

You hereby acknowledge receipt of this ARM Program Disclosure and a copy of the Consumer Handbook on Adjustable Rate Mortgages on today's date.

- Information about the index is published weekly in the Wall Street Journal.
- The initial interest rate is not based on the index used to make later adjustments. Ask us for the amount of the current interest rate discount.
- Your interest rate will be based on an index plus a margin, rounded to the nearest .125 percent, unless your interest rate "caps" limit the amount of change in the interest rate.

Note: If the index for your adjustable rate mortgage is no longer available, the Lender will choose a new index which is based on comparable information.

How Your Interest Rate Can Change

- Your interest rate can change every 36 months.
- Your interest rate cannot increase or decrease more than 2 percentage point(s) at each adjustment.
- Your interest rate will never be greater than 10.750 percent.
- Your interest rate will never be less than 3.75 percent.

How Your Payment Can Change

- Your payment can change every 36 payment(s) based on changes in the interest rate.
- Your monthly payment may increase or decrease substantially based on changes in the interest rate.
- You will be notified in writing at least 210 days, but no more than 240 days, before the first payment at the adjusted level is due after the initial interest rate adjustment of the loan. This notice will contain information about your interest rate, payment amount, and loan balance.
- You will be notified in writing at least 60 days but no more than 120 days before the due date of a payment at a new level resulting from a change in the interest rate. This notice will contain information about your interest rates, payment amount, and loan balance.
- For example, on a \$10,000 360-month loan with an initial interest rate of 4.75% in effect January, 2019, the maximum amount that the interest rate can attain under this program is 10.75%, and the monthly payment can rise from an initial payment of \$52.16 to a maximum of \$87.33 in month 109 (9 year(s), 1 month(s)). This example is based on a periodic

cap of 2 percentage point(s) and a lifetime cap of 10.750 percent. To see what your payments would be, divide your mortgage amount by \$10,000; then multiply the monthly payment by that amount (for example, the monthly payment for a mortgage amount of \$60,000 would be: $\$60,000 / \$10,000 = 6$; $6 \times \$52.16 = \312.96 per month).

Additional Terms

Your interest rate cannot increase more than 6 percentage points above and below the initial interest rate over the term of the loan.
